

I am against allowing new LPFM stations to take priority over current FM translator service. I listen regularly to a station on an FM translator. K-LOVE is important to me because of the encouragement it provides in a way other stations do not. I can count on it to be family friendly and commercial free. Listening to it helps me focus and relax, which makes me a better citizen. Considering the rhetoric of talk radio, this station provides a calming and hopeful influence to the many of us in this community.

Please don't take actions that would force this kind of station off the air. Thanks for giving me the opportunity to comment.
